Our Objective:

Edwards, Kenny & Bray's foremost objective is to provide the highest possible quality of service to our clients. We achieve this by providing our clients with expert and timely advice and representation at reasonable cost.

Our Firm:

Edwards, Kenny & Bray was established in Vancouver in 1965. The first two partners attracted other established lawyers to the firm, which today is one of Vancouver's premier firms. The mainstay of our practice is corporate and commercial law and litigation of all types. Our commitment is to find practical solutions which add value to our clients' businesses.

Our Success:

We recognize the fundamental importance of client satisfaction with our legal services and the need for continuous communication with our clients during the course of representation. Our success over the years is in very large measure attributable to referrals by our existing clients; we continue to consider satisfied ongoing clients as the key to our future.

Our Team:

Our support team of paralegals, secretaries, library, administrative and accounting staff is an integral part of our ability to deliver such services; we are very proud of our team and consider it second to none.
