FROM LOCAL TO GLOBAL

In October 1994, a select group of law firms met for the first time in Dallas, Texas and, then, Los Angeles, California to organize and launch Globalaw. These formative meetings marked the beginning of something significant—our global legal network.

I HAVE NEVER BEEN MORE ENTHUSED ABOUT OUR NETWORK AND OUR ABILITY TO SERVE CLIENTS GLOBALLY, AND I BELIEVE THAT OUR MEMBER FIRMS FEEL THE SAME WAY. UNDER THE DIRECTION OF OUR DEDICATED OFFICERS AND DIRECTORS, GLOBALAW IS COMMITTED TO SERVICE EXCELLENCE AND SUSTAINABLE GROWTH.

Since then, the network has grown exponentially. It now includes 115 law firms and 4,500 lawyers and has climbed the ranks as one of the premiere law firm networks in the world. In fact, Globalaw was recently recognized by *The Lawyer Magazine* (UK edition) as the ninth largest global legal network.

Today, our member law firms are stronger, our international reach is greater, and our leadership's vision is larger than ever.

I have never been more enthused about our network and our ability to serve member clients globally. I believe that our member firms share this enthusiasm. Under the direction of our dedicated Officers and Directors, Globalaw is committed to service excellence and sustainable growth.

In this publication, we celebrate twenty years by honoring the past and looking toward the future. To this end, following an intensive Strategic Planning Retreat in conjunction with MCI, the participants crafted a new motto for Globalaw: "The global reach you need from the local firm you trust." This tagline captures the essence of why we all are part of and support Globalaw.

We recognize that it is you, our members, who have been most instrumental in our network's success. We are grateful for your strong commitment; unwavering support; vast knowledge, expertise, and friendship; and steadfast dedication to helping us grow. Thanks to all of you and your respective firms for helping Globalaw to mature to the stature and prominence it has achieved over these twenty years. Moreover, the Past Presidents who have served all of us deserve our heart-felt gratitude for their contributions and sacrifices to governing this valuable asset.

WHO WE ARE, WHERE WE'RE GOING

GLOBALAW MAY NOT BE THE BIGGEST, OLDEST,
OR MOST SPECIALIZED NETWORK, BUT ITS
ABILITY TO BRING LAWYERS TOGETHER
AND ENABLE QUALITY REFERRALS
PLACES IT IN A LEAGUE OF ITS OWN.

Globalaw provides expert and cost-effective legal counsel by shepherding client needs across the globe through a well-coordinated network built on care and trust. Its members are firms who are more dynamic, personally motivated and responsive than your typical international law firm. Globalaw has the reach and impact of a global organization, but retains a personal feel. Globalaw aims to create, enhance and maintain a corporate presence while continuing to create and facilitate multi-jurisdictional business opportunities for clients.

Globalaw may not be the biggest, oldest, or most specialized network, but its ability to bring lawyers together and enable quality referrals places it in a league of its own.

Clear Vision

Our vision is clear; Globalaw aims to be recognized as a leading global network for providing its clients excellent, personalized legal services.

Our Mission

To provide an effective platform to seamlessly address and meet global client needs thanks to a personal and collaborative relationship among selected and high quality firms throughout the world.

Strong Presence

Globalaw offers a strong global presence with 115 law firm members and over 4,500 lawyers in 175 cities.

Quality Service

Globalaw places a high degree of importance on delivering impeccable client service.

Well-Connected

In our jurisdictions, member firms are well connected politically, judicially and commercially. They are indigenous lawyers who know their market inside and out.

Close Relationships

Globalaw places a premium on building and maintaining close personal relationships between the lawyers in the network.

Deliver Value

Globalaw is focused on delivering value to its members both in volume (and quality) of referrals facilitated by close connections between member firms and information and knowledge sharing.

*PERSONALLY,
