The EKB Commercial Real Estate Group has been actively involved in providing advice to the British Columbia real estate industry since our firm was founded over 50 years ago. We combine knowledgeable advice with a strong business focus to offer practical solutions on commercial real estate matters.

We provide a wide range of services to assist our clients, whether they are buying, selling, remediating, developing or leasing property, or they are engaged in a dispute involving property. Our Commercial Real Estate Group represents purchasers, vendors, developers, investors, lenders, landlords, tenants in a variety of matters including the acquisition and disposition of all types of commercial properties, ownership structures, and financing issues.

In representing a variety of industries including natural resource and manufacturing, we have experience in advising on environmental issues, from decommissioning, remediation, approval, leasing, and subdivision through to sale.

Our dispute, resolution, and litigation team regularly represents clients concerning property disputes including commercial lease matters, construction contracts, and builders liens.
